THE ROAD  
BEGINS **HERE**

Hello Brethren and Friends!

We are proud to present you with our fourth edition of the Sneak Peak newsletter! This is a newsletter that the executive team will send out monthly.

Its primary purpose is to improve the communications across the state. This is a space where all the chapters can advertise events and make announcements. We encourage all the chapters to hold a monthly event that they advertise in this letter. We will spotlight all prior events within this so everyone can see your success! If there is anything special you would like to add just ask and we can see what we can do! Please feel free to give us constructive criticism so we can improve for all of you!

We are proud of all you do and look forward to the future!

Fraternally yours,

The New Hampshire  
DeMolay Executive Team

# NH DeMolay Leadership Moment #1

## **NH DeMolay Leadership Moment #1**

**Welcome to the New Hampshire DeMolay series of leadership moments. This is intended to be a set of monthly (24-part) conversation starters. The primary reference for these discussions is Leadership, Theory and Practice by Peter Northhouse, 8th Edition, 2018, Sage publishing.**

**The design is that we will use these conversation starters each month to stimulate, at the chapter level, specific discussions about the practice of leadership. We all know that DeMolay is a leadership and service organization, but I feel as Executive Officer that we should stimulate the leadership discussion by providing these topics. I hope this is successful and that you all enjoy it.**

**Define Leadership...**  
**(Ok talk among your chapter)**

**(after talking among chapter)**

**It has been said by researchers that there are almost as many different definitions of leadership as there are people who have tried to define it. It is much like the words democracy, love and peace although each of us intuitively knows what we mean by such words the words can have different meanings for different people. Despite the multitude of ways in which leadership has been conceptualized the following components can be identified as central to the phenomenon known as leadership: (a) leadership is a process, (b) leadership involves influence, (c) leadership occurs in groups, and (d). leadership involves common goals.**

**One definition is:**

**“Leadership is a process whereby an individual influences a group of individuals to achieve a common goal”**

**What are your thoughts?**
