Sneak Peak

THE ROAD
BEGINS **HERE**

Hello Brethren and Friends!

We are proud to present you with our fifth edition of the Sneak Peak newsletter! This is a newsletter that the executive team will send out monthly.

Its primary purpose is to improve the communications across the state. This is a space where all the chapters can advertise events and make announcements. We encourage all the chapters to hold a monthly event that they advertise in this letter. We will spotlight all prior events within this so everyone can see your success! If there is anything special you would like to add just ask and we can see what we can do! Please feel free to give us constructive criticism so we can improve for all of you!

We are proud of all you do and look forward to the future!

Fraternally yours,

The New Hampshire
DeMolay Executive Team

NH DeMolay Leadership Moment #2

NH DeMolay Leadership Moment #2

Welcome to the New Hampshire DeMolay series of leadership moments. This is intended to be a set of monthly (24-part) conversation starters. The primary reference for these discussions is Leadership, Theory and Practice by Peter Northhouse, 8th Edition, 2018, Sage publishing.

The design is that we will use these conversation starters each month to stimulate, at the chapter level, specific discussions about the practice of leadership. We all know that DeMolay is a leadership and service organization, but I feel as Executive Officer that we should stimulate the leadership discussion by providing these topics. I hope this is successful and that you all enjoy it.

**What is leadership, a trait or a process?
(Ok talk among your chapter)**

(after talking among chapter)

We have all heard statements such as “He is a born leader”. These statements are commonly expressed by people who take a trait perspective towards leadership. The trait perspective suggests that certain individuals have special innate or inborn characteristics or qualities that make them leaders and that it's these that differentiate them from non-leaders.

The process viewpoint suggests that leadership resides in the context of the interactions between leaders and followers and makes leadership available to everyone.

There are those that argue that both of these positions have validity. The United States Navy has been committed to the process viewpoint, that anyone can become a leader. Our approach in DeMolay further suggests that we can train any young man to become a leader. Not all will be equal in their leadership abilities and techniques but everyone can achieve becoming a leader.

What are your thoughts?

Conclave Majority Service

On the first evening of conclave New Hampshire DeMolay preformed a Majority Service for five young men. This was a bitter sweet moment for many as these five young men have grown into men of character. Although not active, always will they be DeMolay. Take what you have leaned with the teachings of DeMolay, and use them in life, to better yourselves and the world around you.

Squires

On the June 21, CL Woodman Chapter inducted two new Squires into our squire program. Good job guys and welcome Gavin and Jacob!
